The **Two Rivers Amateur Radio Club of McKeesport** is pleased to announce its **53rd annual Hamfest and Computer Show** on **Sunday April 6th, 2025 at the Lincoln VFD No. 184 Social Hall** in Elizabeth, PA. Lincoln VFD #184 Social Hall is located at 4312 Liberty Way, Elizabeth 15037, PA. This is a new location from the previous two years and is still a **ground floor facility**. Access to this facility is directly from the street with **no ramps, stairs, or elevators required to enter**. Exhibitor space is based on table top presentation. Electricity is available for displays although this resource is limited and should be reserved in advance. Early setup is available for vendors Saturday evening after 6 pm. The facility will be manned overnight. This year we also offer outside tailgating spaces (please bring your own table).

We expect amateur radio, computer enthusiasts, citizens band radio enthusiasts, and the general public for this event. In addition to the local amateur radio and computer enthusiast population, this event has attracted attendees from all the neighboring states and a wide area of Pennsylvania. Amenities include breakfast and amateur radio exam testing.

We are advertising this event in national amateur radio and trade magazines, amateur radio nets, email, newsletters, printed flyer distribution, newspaper advertisements and articles, and in radio and television public service announcements.

Once again, an invitation to participate in the **TRARC Hamfest and Computer Show** is extended. Your response would be appreciated, but no later than Friday, March 14, 2025. If you choose to accept this invitation, please fill out and return the attached vendor form together with your appropriate remittance.

We are looking forward from hearing from you and seeing you on **Sunday, April 6th, 2025**.

Sincerely yours,

John Moskala K3CRO
Hamfest Chairman
